

Institute of Microelectronics of Barcelona IMB-CNM CSIC

Process engineer Clean room

The **IMB-CNM** is the largest institute in Spain dedicated to the research and development of Micro and Nano Technologies and Microsystems and with unique capabilities in silicon technology. It belongs to CSIC since its foundation in 1985 and is distinguished as a María de Maeztu Unit of Excellence.

IMB-CNM aims to contribute to the advancement of knowledge and to the economic and social development of society, as well as to the training of researchers and engineers and to the advice to public and private entities.

The research activities of IMB-CNM are dedicated to Micro/Nano Integrated Systems: miniaturized electronic systems which include sensing and/or actuating capabilities in addition to electronic information processing, power management and external interfaces.

The IMB-CNM is located on the Autonomous University of Barcelona (UAB) Campus and contains the largest clean room facilities in Spain with full capability to process its own CMOS technologies and laboratories.

Project:

Upgrade of cleanroom tools and infrastructure

What will you do?

- Manage the equipment (operation and maintenance) and associated processes under their responsibility.
- Perform process tasks for their equipment and the area, as well as their verification.
- Record equipment operating parameters and report incidents.
- Communicate and resolve incidents in the manufacturing and production areas jointly with project managers.

Who we are looking for:

- ✓ Education: Semiconductor, Nanoscience and Nanotechnology, Electronics, or Industrial Technology Engineering
- ✓ We are looking for an independent, proactive, communicative person with analytical and problem-solving skills who knows how to work in a team.
- ✓ The position requires collaboration with cleanroom staff and researchers

What we offer:

- ✓ A dynamic international research environment located in Barcelona (UAB Campus)
- ✓ Access to Spain's largest clean room facilities for micro/nano fabrication
- ✓ Work hand in hand with experienced researchers and multidisciplinary teams

Minimum requirements:

- ❖ Teamwork, Critical thinking and problem solving, Collaborative knowledge generation, Managing deadlines and competing responsibilities, Coordinating with multiple stakeholders, Seeking feedback and continuous improvement.

Institute of Microelectronics of Barcelona IMB-CNM CSIC

Language Requirements:

- English, Full working competence
- Spanish, Full working competence
- Catalan, Not required

Interested in joining us?

Send your CV to Talent@imb-cnm.csic.es, with the subject: "Process engineer"

Deadline: June 24th, 2025

Shortlisted candidates will be contacted by July 4th, 2025 to be informed of next steps.

Check our website for more information about the IMB-CNM and our research activities:
